THE HAGUE, June 23.—M. De Staal, President of the Peace Conference, at a meeting of the committee today introduced the Russian proposals, looking to the arrest of armaments, and read a declaration disclaiming all intention of proposing a reduction of the armaments at present.

But, he added, he was of the opinion that if the terms could be agreed upon a solution would soon come of itself.

AS TO PEACE.

All the powers, he explained, had conferred with the czar relative to the immense value of armed peace, and he appealed to them to devote their energies toward the attainment of the goal.

The speeches and the resolutions were ordered to be printed and circulated, and the discussion was adjourned until Monday.

A naval resolution will be introduced later.

FOR A DUEL.

In spite of the refusal of Ahmed Reza Bey of the Young Turk party to fight a duel with Robin Bey, Secretary of the Turkish Pasha, head of the Turkish delegation at the Peace Conference, Amman, an Armenian, who was to have been one of the speakers at the meeting of the Young Turk party, has written a letter to the Valerian denying remarks attributed to him, but nevertheless accepting the challenge, which Reza Bey declined, on the ground that duelling was unlawful in Holland.

The incident has aroused extraordinary interest among all classes.

DETROIT, Mich., June 23.—Governor Pingree gave out a public statement today to the effect that he had combined with Secretary Alger to support the nomination of William J. Bryan for the Michigan Senatorship.

He said that he had been approached by a number of persons who were anxious to see him in Detroit on his way back to Washington. In reply he said that he would not leave his home in Detroit until he had seen the Governor.

LOUISVILLE, Ky., June 23.—The third day of the Democratic State Convention is still working out the temporary organization. The Committee on Credentials labored with the 357 contested seats, which it has to dispose of, until long after midnight and then left it still unfinished. Most of the county districts were disposed of, but the seventy seats of Jefferson county, in which the Louisville delegates are located, were not taken up.

Last night's committee work developed some sharp differences, and there is a certainty of majority and minority reports from the most important committees.

The majority of the Committee on Resolutions has drawn up a platform endorsing William J. Bryan for his Presidential nomination in 1900, and J. S. C. Blackburn for United States Senator, making free silver again the prominent issue, reaffirming the Chicago platform in its entirety, and containing a strong anti-trust plank.

The differences of opinion in the committee arose over an endorsement of the Goebel election law, the majority favoring it, and the minority opposing it, on the ground that the law is a violation of the constitution, and that the administration is condemned for pushing the law through in such a manner.

Other measures recommended are legislation against the railroads, especially in regard to rates, and against any combination to secure a monopoly of school books.

The fight between the three candidates for the nomination of Governor is being warmly waged with the advantage with the Goebel-Stone combination. The Goebel-Stone combination is called to order at 9:30 o'clock, and after the adoption of eulogistic resolutions in memory of the late Congressman, the convention adjourned until 9 o'clock this afternoon, to await the report of the Committee on Credentials.

An important phase of the business of the Credentials Committee, which at one time threatened to break up the convention, was settled this afternoon. The Stone followers were fearful that the Louisville delegates would vote with a leaning toward Goebel, if thrown in that direction might give the Kenton caucus the victory. The committee was divided to divide the votes between Stone and Goebel.

CHICAGO, June 23.—The Baxter Investigating Committee adjourned today, subject to the call of the Chairman, after hearing evidence on gambling in Chicago and listening to testimony regarding the charges of alleged irregularities in the city Attorney's office. The committee will probably not meet again until fall.

Chief of Police Higgins testified that there were no gambling houses in Chicago. "In nearly every prominent club in Chicago there is more or less gambling," he said, "but these clubs operate under State charters, and I would hesitate a long time before looking a blue wagon up to their doors and arresting the club members."

"What about the games in the back rooms of cigar stores?" he was asked.

"Oh, I consider them merely private social clubs," replied the Chief.

Taking up the City Attorney's office, the committee heard Miss Kate Piper. She testified that Mrs. H. A. Russell, a former boarding house partner of hers, had recovered \$1200 from the city on what Miss Piper claimed was a "fake" damage suit, and in which she had refused to testify when requested to by Mrs. Russell. The records of the City Attorney's office, however, it was asserted, show that judgment had been rendered for \$320.

We spent about two weeks surveying Hughes Gulf, and finally emerged into the Pacific and proceeded along the west border or crest of Graham Land until we entered the main body of the back ice west of Alexander Island. We passed through the ice about nine miles south until we were frozen in. # WORKERS FOR THE LORD.

Edited By GRACE EDSON, Chairman C. E. Press Committee  
Tel. 802 Brown

On next Thursday evening, June 23rd, the society of the First Baptist Church gives a good citizenship social, which will be out of the ordinary, we are sure. As it comes just before July 4th, it will be of a patriotic nature, and as it is being arranged by the president, C. E. Edson, who is one of the most experienced C. E. workers in our county, we are looking for one of the best socials Alameda county has ever had. All newcomers in the county are cordially invited to attend. The social will be held in the auditorium, so that there will be room for all. It is hoped that our Mayor is to be present and open a question box. The church is situated at the corner of Fourteenth and Bush, Oakland.

**THE BEST LEADERS.**  
The new plan that our County President has inaugurated, of sending the best leaders to be found in the different societies to lead meetings in the smaller societies is proving a great success. If the President of any society in Oakland, Berkeley or Alameda, asks for a leader, one will be supplied only give two or three weeks' notice at least—and we suggest that you do not ask for a leader for your congregation meeting. This plan is beneficial for more than one reason: it helps the society visited, in that the members try their very best to have a good meeting because a visitor is leading, and the society is bound to learn something new from a new and experienced leader. Send in your application.

**UNION SOCIAL.**  
On Friday evening, June 16th, a union social was held in the parlors of the First Methodist Church of Alameda. This was the first social held under the auspices of the Alameda Young People's Christian Union, and was a success in every particular. At 8:30 P. M. the good natured gathering was called to order, and the following program was rendered. Every one of the eight Young People's Societies in the union had a representative on the program:

Opening address of welcome.....  
.....E. E. Shouse

Violin solo.....H. S. D. Shouse  
Vocal solo.....Miss Edith Parker  
Flute solo.....William G. Agar  
Mandolin and piano duo.....

Everything went off smoothly and in an hour the program was over and a genuine good social time followed. Light refreshments were served. But the main object was to

## IS THERE ANYTHING IN HOLY WRIT TO HARM A CHILD'S MIND?

TEACH THE TRUTH AND NOT LIES IN SUNDAY SCHOOL.

The proceedings of the Eden Township Sunday School Convention, at Hayward yesterday, were convulsed by a warm debate on the propriety of telling the little ones of those tales of cruelty and wickedness which are contained in the Bible. The discussion was started by Miss Brown of Hayward, with the remark that she thought such tales tended to harden the little ones and make them lose track of the scheme of Divine love permeating the book.

Rev. Barton Perry of the San Leandro Presbyterian Church, remarked that there is nothing in Holy Writ to harm the child mind, and that the little ones should be taught the truth.

**WARM WORDS.**  
Rev. Garver of the Hayward Congregational Church, then arose, "Yes," said he, "let us teach the truth; not lies. Many people are misled by the lies which are responsible for the death of Christ, and that falsehood is taught in some Sunday schools. If such a teacher taught such an infamous lie, I would have him discharged at a moment's notice."

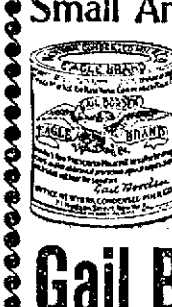

At this point Chairman Miller called time on the discussion.

**THE CONVENTION.**  
The convention was called to order at 1:30 o'clock in the Congregational Church. An address of welcome was delivered by Rev. Garver to which President Miller responded.

Miss M. Stuart, secretary of the convention presented a report showing that there has been a considerable decrease in attendance at San Leandro and San Lorenzo, and an increase at Hayward; the other Sunday schools have about held their own.

**Associated Charities.**  
The Associated Charities will hold their regular quarterly meeting next Monday evening at the rooms, 1363 Franklin street. Matters of importance will come up for consideration.

## PAPA BEATEN AT HIS OWN GAME.

Miss Ethel French Eloped and Quietly Married.

Young Mr. and Mrs. Whipple have gone to Stockton to live. They were married on the 12th of June in spite of the strenuous objections of the bride's father. The engagement of Charles Whipple to Miss Ethel French had been announced for more than a year and no one thought of any possible trouble. Whipple had been a welcome caller at the French home for three or four years but when the engagement was announced he found he was not so welcome as he had been.

It ended two weeks ago in his receiving a direct order from his fiancée's father to stay away and cease all aspirations for Miss French's hand. There was nothing to do but to act on the order and stay away. But Mr. Whipple would not so readily accept on the other part of the order and cease all aspirations. So he made an appointment with Miss French, which was a wedding performed by a Justice of the Peace in the presence of one witness. After the ceremony the couple fled to Stockton to avoid the breaking of the storm.

The pronounced absence of his daughter raised Mr. French's suspicions and he started out on a hunt. He succeeded only in finding out that she had become Mrs. Whipple and he is now nursing his wrath. The storm felt much like little Ethel's friends and she is perfectly satisfied with the wedding.

Whipple is a painter by trade and has been in business in San Rafael for many years. He intends now to establish himself in Stockton, where he has many friends.

## "AUNT MILLY" FAILED.

So the Young School "Mom" Took a Hand.

"Hastily putting up a small lunch, the young school teacher hurried away for the day's duties, leaving the principal class the evil effects of coffee (that being the lesson for the day) then came home and made coffee the principal thing for dinner. She had been growing more and more nervous and irritable as the weeks passed by. Stomach trouble had set in and more or less bowel trouble, but she never had applied to herself the teaching that coffee acts as a poison on many systems.

A package of Postum Food Coffee found its way into the house and was sent down to Aunt Milly, the cook, to make. In the morning when it was served, it was so inferior that it was pushed away in disgust and regular coffee called for. The school teacher knew she must have help some way to get rid of coffee drinking, so she went down the next morning to make some Postum herself and to make it carefully, according to directions. The next day was much satisfactory than she had ever dreamed. With rich cream it was better than the best coffee she had ever drunk, and it made her hungry for breakfast just to smell it.

A week passed by and she became known as an enthusiast on the subject. One day at school a remark was made on her improved looks, and she related the story of the new coffee. Miss Smith, one of the teachers, remarked that she had always wanted something in place of coffee, and intended to try it. A few mornings afterward Miss Smith remarked, "We tried Postum and found it better and nobody liked it." She was induced, however, to give it a trial under the personal direction of her own supervision, in order to know that it was better than coffee or twenty minutes. That cleared up the case, and Miss Smith is as enthusiastic over Postum as the other teacher has been.

The little nephew in the house was perfectly delighted with the thought of having a cup of coffee every morning for breakfast. The greatest victory we have had is with sister, who has been a regular coffee devotee and paid out against the Postum for some time, but after she had used Postum for about ten days, she said one morning, "I must say I will take this in preference to coffee every time, so we will just have Postum hereafter and none of the old-fashioned coffee."

Now when the teacher instructs a class in physiology, she can demonstrate by her own physical health, the advantage of leaving off coffee with its poisonous effects. Janet Cooper, Nashville, Tenn.

## WHY DR. DOW'S MULE COMMITTED SUICIDE.

WIN Robinson of Alameda and Dr. E. L. Dow of Oakland, who started to walk to Yosemite Valley, have returned without reaching their destination. Their pack mule, with their entire camp outfit and stock of provisions, jumped into the Tuolumne river near Hetch-Hetchy Valley and was drowned. Nothing was saved from the wreck—Alameda item.

Despite the popular belief in the superior sagacity of the horse, teamsters who have had the handling of mules stoutly assert that the pensive brute with the large, mobile, sensitive ears has more sense in one minkie than a horse has in a month. The mule doesn't propose to take up the wide man's burden, unless it is adjusted with some reference to his comfort and carrying capacity. It is his strenuous insistence on his rights as a common carrier that has earned for the mule his unenviable reputation for

## J. A. BRITTON AND FAMILY POISONED BY BERRIES.

Mr. and Mrs. John A. Britton, who reside at 558 Thirteenth street with three of their children, were the victims of accidental poisoning a few nights ago, which caused a great deal of pain and no small amount of anxiety. They had partaken of some luscious strawberries at luncheon selected at the market because of their rich and highly cultivated appearance. Soon after luncheon all the parties mentioned were seized

with abdominal pains, followed by other unpleasant symptoms of poisoning. A doctor was called and emetics were administered, and, after a time, the suffering was relieved and the patients declared out of danger.

The doctor declared that the attack was one of arsenical poisoning, some of the arsenic used to ward off pests on the strawberry vines having fallen upon the berries and thus been partaken of by the family.

All the members of the family are now out of danger.

## HER STORY DID NOT PROVE TRUE

Old Woman Told a Wild Tale to Cover Her Faults.

The great kidnapping story told to the police a few days ago by Mrs. Wittholt, who resides with her daughters, Mrs. Maguire and Mrs. Walcott, at 121 Seventh street, has no foundation in fact. Henry Chase, the aged gardener who accused of the kidnapping, has proved conclusively that the story, so far as it related to his driving away with Mrs. Wittholt's grandson, August Walcott, in a carriage, is a fabrication.

He was yesterday charged with child-stealing. This morning he was arraigned in the Police Court and allowed to go on his own recognizance. The case was continued until tomorrow, when the charge will undoubtedly be dismissed.

Assistant District Attorney Samuels is satisfied that no case could be made out against the accused.

When the case was called this morning, the complaining witness was not on hand. She was represented by her daughter, Mrs. Maguire, who was fierced yesterday morning when told that the story of Chase was in fact a fabrication so far as his running away with the child was concerned, and that the old lady had committed an indecent exposure which she was desirous of keeping a secret.

This morning she grieved sorely when informed that Chase's story had been substantiated. She then came to the conclusion that her mother must have lost her mind, and that unpleasant thought in mind, the young woman sorrowfully left the City Hall.

Yesterday afternoon Chase's version of the affair was inquired into by Detectives Holland and Quigley, who visited the mother's home at 2416 Broadway, and found that Chase had been in the house at the time of the alleged abduction. They found that Chase had told the truth and the conclusion was

reached that the woman's story was forced upon them that the woman's story was a fabrication of a mad old woman temporarily or permanently deranged.

**MINING LITIGATION IN STATE OF NEVADA.**  
Nevada may always be relied upon to lead the pace in mining litigation, and it is up to its speed in this respect at the present time. Two English corporations are at "daggers drawn" in attempting to own and control the large nickel deposits at Gardnerville, in that State, and his honor, Thomas E. Hawley, holding the United States Circuit Court at Carson City (Nevada's capital), has been called upon for the past few days in listening to the "yarns and yarns" of the respective disputants. Attorney George W. Baker of this city, and formerly a resident of the San Francisco State, represents one of the contestants, and if he don't win out his clients will have their guess on the result, for the best of mining litigation he has a reputation of bagging any game he goes gambling for.

The Nevada papers noticed his argument for two days, before the Circuit Court, in very flattering terms, and he also inclined to the side of the State, and the nickel track in the race, although they do not overlook the fact that W. B. Deal, his competitor, is a former workman of the steel and any corner in the field of mining litigation.

The church was crowded with sympathizing friends of the dead, and the navy and army were largely represented.

The body of the brave Lieutenant was removed from the cruiser Philadelphia under a naval escort similar to that which attended the body of Ensign Montgomery, who was killed at the same place yesterday. American and British flags were displayed at half mast in many places, particularly along the water front, where the funeral cortege passed. The cortege was headed by Captain Edwin C. Loomis, the naval officers, band and men attending.

Reports from the various branches of the service showed that from every standpoint the army canteen, as now operated, is highly beneficial to the interest of the soldier than the old system of post drudgers and low grungers on the outside of the post, who were paid for their services by the government. # NEWS OF ALAMEDA COUNTY

LATEST INFORMATION FROM MANY ENTERPRISING TOWNS.

## ALAMEDA.

ALAMEDA, June 23.—Daniel Graham, a master-mechanic, residing at 1180 McPherson street has been put in the City Jail charged with battery upon his mother-in-law, Mrs. Margaret Wall. His wife, Mrs. Margaret Graham, will also be arrested as an accessory. The complaint was sworn to before Judge S. S. Suro by Miss Mary Wall, a daughter of the abused woman. Graham, it is alleged, has cruelly treated Mrs. Wall. It is said that he has stood her out in the yard and played the hose upon her until she almost like a demented wild. He has threatened her about the house with a kettle of hot water in his hand and over her head. He has poured the contents of the kettle upon her face, neck and body. The wife of Graham, it is claimed, has thrown her mother to the floor and stamped upon her as if she were tramping on gravel. Graham denies the accusation against him.

**THE DEWEY MEMORIAL.**  
The following well-known citizens have been selected by the joint committee from Alameda and Alameda Parishes, N. S. G. W., to aid in raising the money for the California Volunteer Memorial fund. Henry Sevenson, Judge John Elsworth, George R. Miller, Senator E. K. Taylor, Major C. L. Thelen, George W. Scott, Dr. H. M. Pond, A. F. Suro, T. W. Laydecker, W. D. Laitton, E. F. Lamborn, C. L. Walker, Dr. J. H. Latham, Michael Kane. The announcement of a meeting will be held later.

**VALUABLE IMPROVEMENTS.**  
The dredging contract of the channel entrance to the harbor of Oakland which has been in progress so long has been finished. One of the main causes of the narrow strait of filled land adjoining the Narrow Gauge pier. The Railroad Company has acquired a very valuable piece of property at small cost, perhaps in the vicinity of \$200,000. The cost of the improvement, including the bulkhead, will be about \$1,000,000.

**THE CLASH KIDNAPING.**  
The sequel to the alleged kidnaping of little August Waller by Henry Chase, the gardener, is generally believed to have taken place in the city jail. The story he tells of having taken drinks of beer with the woman in the city jail, who was charged with the kidnaping, has been substantiated by the proprietors of both these resorts, while the story of his kidnaping, which was told by the woman, was in a demented condition on the day in question, and of which the story by way of explaining an indiscretion on her part which she was unwilling to be known as only be contradicted.

**CHINESE FISHERS.**  
Five more Chinese have been arrested for violating the game law. They were caught at the mouth of San Leandro Creek by John D. Suro, Jr., and S. S. Suro, Jr., Commissioned Game Warden. They were locked up in the City Jail. Recorder Suro stated that the Chinese were charged with catching small fish in shrimp nets.

**MASQUERADED AS A VETERAN.**  
W. H. Edrile, who has been charged with the County Jail for sixty days by Recorder Suro, is an old man and in a dilapidated physical condition. He has for some time past been masquerading as a veteran and has been in the city and acting as if he was crazy. He has pretended that he was a member of the Grand Army of the Republic.

LIVERMORE.

LIVERMORE, June 23.—The hot spell has continued for eight days with the thermometer at 2 P. M. standing between 80 and 90 degrees. This is something unusual for Livermore Valley where we generally have three or four days of rain in three cool days. Our average temperature is 53 degrees.

The capacity of the various waterworks tributary to Livermore is estimated to be 200,000 gallons. Twenty years ago there was not a wine grape vine in the valley, the first being planted in 1879 merely as an experiment. The wine shipments now amount to hundreds of car loads yearly, going to all quarters of the globe.

The Alto Lumbermen's Club of San Francisco will play the Livermore team on Sunday next. This will be the third game between these two clubs this season.

A. C. McLeod is building a concrete vineyard on the vineyard of Captain William Miller about a mile south of town.

Miss Mary Concomen left for San Francisco yesterday to visit friends.
